

The toolkit contains the following 23 modules, with a set of facilitator's and teacher's guides in each:

| Number | Title |
|--------|---|
| 1.0 | Action Research Defined |
| 2.1 | Implementation of Action Research |
| 2.2 | Generating Topics for Action Research |
| 2.3 | Formulating Research Questions |
| 3.1 | Experimental Design |
| 3.2 | Qualitative Design |
| 3.3 | Causal Comparative Design |
| 3.4 | Correlational Design |
| 3.5 | Survey Research |
| 4.1 | Sampling |
| 4.2 | Paper and Pencil Instrument |
| 4.3 | Data Collection through Interview |
| 4.4 | Observation Data Collection |
| 4.5 | Document Analysis |
| 5.1 | Preparing Data for Analysis |
| 5.2 | Quantitative Analysis Part I: Descriptive Statistics |
| 5.3 | Quantitative Analysis Part II: Inferential Statistics |
| 5.4 | Qualitative Analysis |
| 6.1 | Preparing the Action Research Proposal |
| 6.1.1 | Worksheet for Action Research Report |
| 6.2 | Writing the Action Research Report |
| 6.2.1 | Worksheet for Action Research Report |
| 6.3 | Tips in Writing an Action Research Report |

The Facilitator's Guide contains a script, a list of recommended activities, and discussions of key concepts in conducting action research for facilitators, which can be delivered during learning sessions. Meanwhile, the Teacher or Researcher's Guide contains samples and exercises which teachers and/or researchers can perform to reinforce their understanding of research concepts. These modules can be used through self-paced or self-directed learning as well as reference materials during the conduct of Learning Action Cell (LAC) and other learning sessions. Further, the conduct of learning sessions/activities shall be based on the Learning and Development (L&D) needs of the teachers.

The modules can be accessed through this link: <https://bit.ly/ActionResearchToolkit> and also available at the DepEd's official research portal, E-Saliksik, through this link: <https://e-saliksik.deped.gov.ph>.

Per DepEd Order 16 s. 2017, research managers across governance levels and researchers are highly encouraged to use these modules in providing technical assistance and capacity building to researchers and teachers in developing and conducting action research.
