Sir:

We are writing to formally inform you about the upcoming 2024 Science and Technology Innovation Caravan, which will be held from August 19 to 22, 2024. This significant event aims to inspire and engage the youth, as well as various sectors, in the fields of science and technology. This activity will also bring together key officials of the Department of Science and Technology including **Secretary Renato U. Solidum Jr.** and **Undersecretary Sancho A. Mabborang.**

A major highlight of the caravan is the **ScienTeach: Symposium for the Youth and Introduction to Robotics and Demonstration** on **August 20, 2024**, at the **BSC Amphitheater to start at 8:00 in the morning.** We have allocated **60 seats** for your division to participate in this event. To maximize the benefits, we encourage you to prioritize teachers and students with a strong interest in science and technology.

Distinguished scientists from the National Academy of Science and Technology (NAST) will lead the ScienTeach symposium, sharing their expertise and inspiring the next generation of researchers. Meanwhile, skilled trainers from A+ Solutions Development Center will conduct an engaging introduction to robotics and demonstration, showcasing the technology's potential applications.

To ensure everyone's comfort and focus, we will provide refreshments and lunch for all attendees.

We believe this event will ignite students' passion for science and technology, empowering them to become future innovators. We look forward to your active participation and support.

Very truly yours,

  
**NORA T. GARCIA**  
 Provincial Director
