Schools Division Superintendent

Attention: Xantifa M. Noblejas
Dentist II

Dear Sir Gumaru,

Kapian Kamu pa nu Dios!

My name is Jia Ohlie Ann Noblejas, Dentist II at Provincial Department of Health Office Basco Batanes (PDOHO). We are currently working on an initiative to improve oral health awareness among our students and promote proper tooth brushing technique.

We believe that educating about good oral hygiene practices at an early age is crucial for their long-term health. As a respected dental professional in our community, we would be honored if you could collaborate with us in this effort by conducting oral health sessions at our school.

The oral health program could include the following components:

- Oral Hygiene Education: Sessions to educate students on proper tooth brushing, flossing techniques and the importance of regular dental check-ups.
- Nutrition and Oral Health: Information on how diet affects dental health, encouraging healthy eating habits that support strong teeth and gums.

Distribution of basic oral health kit, to wit;

August 27, 2024	Basco Central School	Kindergarten
August 28, 2024	Ivana Elementary School	Kindergarten
August 29, 2024	Mahatao Central School	Kindergarten
August 30, 2024	Uyugan Elementary School	Kindergarten
September 11, 2024	Basco Central School	Grade 1
September 17, 2024	Basco Central School	Grade 1
September 18, 2024	Ivana Elementary School	Grade 1
September 25, 2024	Mahatao Central School	Grade 1
September 26, 2024	Sabtang Elementary School	Kindergarten
