Itbud Integrated School

Sir:

I am writing to respectfully request the revocation of my previous application for early retirement from my position as Teacher III at Itbud Integrated School.

Initially, I had planned to retire early with the intention of pursuing opportunities abroad. However, recent changes in immigration policies have made it challenging to obtain a work visa in my intended destination, and the available opportunities there did not align with my skills and experiences.

After careful consideration, I have determined that I am not ready to leave my current position. I remain passionate about teaching and believe that I can continue to make a positive impact on the lives of my students especially as an Ivatan committed to the education of my fellow Ivatans.

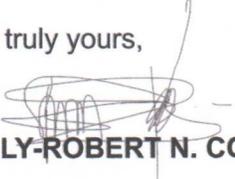

I have always been dedicated to providing quality education and believe that my unique cultural perspective has enriched my teaching experience. I am committed to continuing my work at Itbud Integrated School and contributing to the growth and development of our students.

I plan to resume my duties on September 13, 2024, pending the approval of my request.

I apologize for any inconvenience this may have caused and appreciate your understanding and prompt action on this matter.

Thank you very much and God bless!

Very truly yours,

ROLLY-ROBERT N. COBICO
